EDUCATION AND TRAINING

[01/04/2018 – 28/03/2019]

Undergrade Thesis on " Handwriting Analysis Based Parkinson's Disease Detection Using Machine Learning Technique "

University of Asia Pacific <https://www.uap-bd.edu/>

Address: 1215, Dhaka, Bangladesh | **Thesis**: Handwriting Analysis Based Parkinson's Disease Detection Using Machine Learning Technique

Thesis on Parkinson's Disease detection demonstrated his ability to come to a detailed understanding of the image processing techniques that were used as part of the research to increase the accuracies of the already present techniques. A fascinating discussion was presented on why it is essential for Bangladesh, where many people are affected by this disease, to develop computerized ways to diagnose men's diseases.

[01/04/2024 – 09/2025]

Master of Science (MSc) in Computer Science and Engineering

The University of Aizu <https://u-aizu.ac.jp/en/>

City: Aizuwakamatsu City, Fukushima Prefecture | **Country**: Japan | **Final grade**: 4.00 out of 4.00 | **Thesis**: A Novel Task Assignment Strategy for Multi-Robots System

[01/04/2015 – 28/03/2019]

Bachelor of Science in Computer Science and Engineering

University of Asia Pacific <https://www.uap-bd.edu/>

Address: 1215, Dhaka, Bangladesh | **Final grade**: 3.69 Out of 4.00

[2011 – 2013]

Higher Secondary School Certificate

President Professor Dr. Iajuddin Ahmed Residential Model School & College <https://iajuddincollege.edu.bd/>

Address: 1500, Dhaka, Bangladesh |

[2009 – 2011]

Secondary School Certificate

WORK EXPERIENCE

The University of Aizu

City: Aizuwakamatsu | **Country:** Japan

[01/04/2024 – Current]

Teaching Assistant (TA) and Research Assistant (RA)

Teacher Assistant and Research Assistant.

Eyes, JAPAN Co. Ltd.

City: Aizuwakamatsu | **Country:** Japan

[05/2024 – Current]

Software engineer (Part-Time)

Software developers implement or program all kinds of software systems based on specifications and designs

Nitol Motors Limited

City: Dhaka | **Country:** Bangladesh

[21/11/2021 – 09/2023]

Software Engineer

- Technology : ASP.NET, .NET Webform and C# and Microsoft SQL Server
- Develop, test and deploy .NET applications across platforms within agreed time frames.

Some Specific Modules :

- Tax Module in Billing System.
- Sales Prediction and Actual Sales in MIS System.
- Database design and develop system IT Appraisal project .

ASP.NET C# | MS SQL Server

1. Decreased the manual labor of the car pricing team by 90% by automation the assigning price for cars.
2. Storing the car's documents and delivered to the customers saved time by 60%.
3. Find the cheque within a few times by 80% by automation the cheque storing.

Flask Python | MS SQL Server (Machine Learning)

1. Estimated import of spare parts for selling the number of parts by 95% by
 - predicting the selling number.

eSecuresoft Technologies Ltd.(A ESL Company)

City: Dhaka | **Country:** Bangladesh

[04/10/2020 – 20/11/2021]

Assistant Software Engineer

- Develop and maintain Stock Market Back Office Management System using ASP.NET, C#.NET ,MS SQL and Crystal Reports.
- Add a new Module on the Back office Management System. Design and develop using Asp.Net C# and Store Procedure. Bug Fixing

Some Specific Modules :

- IPO module for Back Office Management System.
- Agent Management module for Back Office Management System .
- Ledger and Portfolio for Back Office Management System .
- Daily Buy & Sales Module for Back Office Management System .

Panjeree Publication Limited

City: Dhaka | **Country:** Bangladesh

[01/12/2019 – 30/07/2020] **Programmer # Contractual**

- ERP Software Developed using Asp.Net Windows form and Microsoft SQL Server
- Ecommerce Project development using Asp.Net Core and Microsoft SQL Server

Reflection MicroSystem

City: Dhaka | **Country:** Bangladesh

[01/04/2019 – 30/11/2019] **Assistant Software Engineer**

- Develop Enterprise resource planning (ERP) system using ASP.NET, C#.NET ,MS SQL and Crystal Reports

LANGUAGE SKILLS

Mother tongue(s): Bengali **Other language(s):** English

Japanese

LISTENING A1

SPOKEN INTERACTION A1

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

PROJECTS

Air Fighter Game

C++ (iGraphics)--> Visual Studio 2013

- Air Fighter Game is develop following a war based theory . There exist two types of air fighter .

Online Exam System

C --> Visual Studio 2013

- Online exam system following a MCQ pattern
